counts from Sunderland give an account of an attention, that these disorganizers of social life "All times of violent popular commotion are at- forty thousand to fifty thousand dollars from the explosion in a coalpit at Haswell colliery, about ten miles from Sunderland, which has caused the destruction of ninty-six human beings! It Sun. is said that at the time of the accident there were a hundred persons in the pit, and that only three or four have been saved.

Further particulars. This calamity appears to have been more dreadful than we first anticipated. The number of men in the pit at the time of the explosion, was nearly 150. Only one man, it is said, has escaped alive uninjured. Upwards of 100 dead bodies have already been brought to the bank. It is utterly impossible to describe the dreadful anguish of the surviving relatives.

THE THIEVE'S DEN. Some sensation has been occasioned by the discovery of two strangely constructed houses, (said to have been once the residence of Jonathan Wild) in West street, Lucy Mack. Her father kept for several years, whipping to death or boiling to death. Indeed; Smithfield, London, on the west side of Fleet the tavern in Montague, known afterwards as it is said they are "rather pleased than otherwise Ditch, which buildings have, it appears, been the Gunn Tavern, and afterwards kept public in being thus deprived of life." long occupied by a gang of theires and receivers of stolen goods. One of these houses it seems, fore her marriage, lived with a relation in South was fitted up as a shop; but there are trap-doors | Hadley. behind the counter, cellars for the reception of property, in one of which was found a skull and human bones, nooks and recesses of all descriptions, as well as the means of conveying goods "up the spout," and of facilitating the escape of place should so long have existed in the heart of the metropolis without, detection, is extraordinary; and the spot has been visited and explored by noblemen and others, as a great curiosity. The place is pulled down for improvement. [London Paper.
